

CS195Z Survey

Due as soon as possible

The course staff of CS195Z is interested in your motivations and prior experience in Computational Biology. Since the course is new, filling this out will help us shape the course.

1. Name
2. Email
3. cslogin (If you don't have one, note it!)
4. Class year
5. Major

Please list coursework in the following relevant areas:

1. Discrete Mathematics
Probability/Statistics
2. Programming/Algorithms
 1. Java?
 2. Other useful languages (python, functional)
 3. CS157 or other pertinent algorithms
3. Computational Biology
 1. CS181?
 2. CS196-1 or CS195-something
4. Others, and math level (linalg, calc)

Briefly describe your interest in the course:
