

PhD Application for Master's Degree

Name _____ Entering Year _____

General instructions: Put in *only* those courses used to fulfill the requirements of your Master's degree. Put check marks in the boxes in the leftmost column for those courses that have been completed. PhDs in good standing may receive a Master's degree after they have advanced to candidacy. Submit directly to the Faculty and Student Affairs Manager (Lauren Clarke) by May 1.

Requirements

Courses must be Computer Science courses or approved courses in related areas. Grades of B or better are required. At least two of the following six courses must be at the 2000-level.

None of the six courses can be a Reading and Research course nor can they be below the 1000-level.

Two of the courses must form a coherent major and a third course must complement the major (see <http://cs.brown.edu/grad/masters/reqs/> for the approved list).

Major Course Pair in CS

Completed?	Course Number/Title	Year/ Semester	Grade	Approved Major Course Pair
<input type="checkbox"/>				<input type="checkbox"/>
<input type="checkbox"/>				<input type="checkbox"/>

Approved Courses in CS and Related Areas

Completed?	Course Number/Title	Year/ Semester	Grade	Approved Complementary Course?
<input type="checkbox"/>				<input type="checkbox"/>
<input type="checkbox"/>				<input type="checkbox"/>
<input type="checkbox"/>				<input type="checkbox"/>
<input type="checkbox"/>				<input type="checkbox"/>

Research Project (pdf must be submitted to fasam@cs.brown.edu)

A project (typically taken as 2 Reading and Research courses)

Completed?	Year/ Semester	Grade	Research Advisor's Name
<input type="checkbox"/>			
<input type="checkbox"/>			

The above is my plan for meeting the degree requirements. It is my responsibility to make certain that all courses taken at Brown for graduate credit and all courses taken at other schools for which transfer credit has been approved appear on my transcript.

Estimated Completion of ScM Requirements (Sem & Year): _____
